

NORTHERN VIRGINIA GUN CLUB

Affiliated with the National Rifle Association of America

Newsletter for October, 2004 - Volume 46, No 12

Notes from the President:

Thanks to everyone who showed up at the September workparty to help clean the place up for the Open House and to those that helped out during the Open House. The property looked great and there was plenty of food despite the poor turnout by potential members. The October workparty is our last scheduled workparty for this year. Please come and help us do some final maintenance before the winter season begins.

Safety: While watching a round of Skeet, a few of us noticed a potential new member pointing his shotgun at spectators both at the edge of the skeet field and up on the hill near the camping area. He was not intentionally pointing it at us but had not realized that when he was walking back from the shooting station, he was not keeping his gun pointed in a safe direction. I spoke to him about it. Hopefully this will be the end of it. Our safety rules apply at all times. It is important that you always keep your firearm pointed in a safe direction. You may know it is safe but the guy you are pointing at doesn't.

Hunting Season: October brings the beginning of Deer and Turkey Hunting season. Our current 2004/2005 Hunting Regulations are listed at the end of this newsletter. If you are a hunter, please read and follow the regulations. If you are a non-hunter, please be aware that at times, there will be hunters on the property and the ranges will be closed to shooting. Please consult the club calendar for specific dates. Always remember that all Virginia state hunting regulations apply and the game warden has our permission to come onto our property to inspect your hunting license. You also need a NVGC Hunting Permit. If you have completed your four work party days and would like a permit to hunt on our property, please see our Membership Secretary, Joe Graninger.

Camping Policy: Included in this newsletter is a proposed update to the Camping Policy that the EC is submitting to the membership for a vote at the October meeting. It is hoped that the changes included in this revision will help eliminate some loopholes in the current policy. Please review this proposal and show up at the October meeting to discuss and vote on it.

Elections: ATTENTION!!! The NVGC needs your help! Five out of Seven of the members of the Executive Committee are not running for re-election. These EC members are:

Tom Hackett – President

Dale Hundley – Vice President

Jim Morgan – Executive Officer

Joe Graninger – Membership Secretary

Greg Harrod – Chief Range Safety Officer

At the October meeting we will take nominations for Club officers for next year. We would like a minimum of two choices per position. This is your chance to get involved and to help guide the direction that the club will be taking. Only two existing Club Officers will be seeking re-election (but not necessarily for their current positions). While any Club member in good standing can run, only nominees by the end of October will get in the ballot contained in the November newsletter. The results will be announced at the December meeting. If you are interested in an officer position, please let me know.

Tom Hackett
President NVGC

Proposed Changes to the current RECREATION VEHICLE CAMPING AREA REGULATIONS

The Northern Virginia Gun Club ~~adopts~~ **amends** this policy for ~~overnight~~ use of the NVSF property at the monthly meeting on ~~March 16, 2002~~ **October 16, 2004**.

1. The owner must be utilizing any tent, truck camper, motor home, trailer, or travel trailer (hereafter called a pop up) erected or parked on the NVSF property. The ~~utilities service~~ **camping** fee shall be \$1.00 per ~~overnight stay~~ **day (Day meaning any part of a 24-hr period)**. **This fee does not apply to tent camping.**
2. Vehicles are required to have:
 - a) A current vehicle tag;
 - b) A current state inspection according to the state issuing the tag;
 - c) Must be road worthy;
 - d) Must be moveable in the event of an emergency (fire, wind, etc.), i.e. the vehicle must be capable of being relocated;
 - e) The owner's name, address, and telephone number must be located in a place that is visible from the outside;
 - f) ONLY trailer jacks may be used to support the vehicle. The vehicle wheels must rest on the ground to permit moving if required;
 - g) Vehicles WILL NOT be blocked up in such a manner that the wheels are off the ground preventing moving in an emergency.
4. Waste: No dumping of holding tanks is permitted on the property. All trash will be removed from the property.
5. The following procedures shall be followed for any member in noncompliance with this policy:
 - a) The first notice shall be by written notice and mailed by Certified U. S. Mail informing the member that they are in noncompliance and provide the conditions necessary to be in compliance.
 - b) The second notice shall be by written notice and mailed by Certified U. S. Mail informing the member that they are in violation of the overnight use policy and the NVGC will take legal action to remove the tent, truck camper, motor home, trailer, or pop up from the NVSF property at the expense of the owner.

This policy will become effective on ~~July 1, 2002~~ **November 13, 2004**.

On August 21, 2002 the Overnight Use policy was modified to include:

During hunting season, 1 October to the end of ~~February~~ **January**, **campers**/trailers can be parked on the Club property by owners who live greater than 25 driving miles from the facility property with all other conditions of fees and Club rules remaining in effect, except for the occupancy requirements.

Violation of these rules will result in disciplinary action up to and including expulsion from the Club.

Lost and Found:

An eyepiece and erecting lens possibly from a pair of binoculars were found on the hill behind the shotgun fields the day after the Open House. If you know who lost them, contact Bob King, at 540 775-5651, or The_Kings@att.net.

From the XO:

Work Day project for October:

The ranges and picnic area are generally in great shape. There is the general grooming that needs to take place.

GENERAL MAINTENANCE:

We need shovels to clean out the water cutouts going to the range. It is a good idea to do this before the leaves block the cutouts.

Weed Whackers and/or push lawn mowers to trim the slope in front of the rifle/pistol ranges; around the target frames; camp grounds; shotgun range and picnic area. And we need someone to operate the GOAT and cut the stream bank back for 6 feet.

Warning signs have been erected along the railroad cut. The area around a few of these signs have brush that needs to be cleared for visibility. Hand machetes or a bush ax will do the task.

Pickup Truck(s) with King George county sticker to make the usual trash run to the dump;

Saws, hammers, etc to rebuild the damage target covers on the archery range; If the members are to use the archery range then this should be accomplished.

Help for Bill Howard to mark the range boundaries for the upcoming hunting season.

A GENERAL NOTE: I was at the range on Friday morning. We have always cautioned members to be aware if anyone is on the railroad right of way. Well there is a new warning - Apparently Joe Williams had/has some fencing that is down because there were two Black Angus steers on the road at the stream bed. These steers came onto the range while I and some members were there. We ran them back up the tracks west. Just be aware that you may see Angus steers near/on the range.

RANGE SAFETY NOTICE REMINDERS:

- 1) MEMBERS - YOU MUST PLACE TARGETS SO THAT YOU ARE SHOOTING IN A STRAIGHT LINE TO THE TARGET AND THE BULLETS ARE IMPACTING IN THE BERM. When you are firing at an angle to the target your bullets are not impacting the designed berm. The bullets may exit the range across the road or the right side of the range..
- 2) When the firing line is cold EVERYONE MUST MOVE behind the firing line so the Safety Officer has a clear view up and down the firing line.
- 3) DO NOT move any firearms to/from the firing line or handle them on the firing line when the range is cold.
- 4) Tracer and Armor-penetrating Ammunition IS NOT ALLOWED TO BE FIRED ON THE RANGE AT ANYTIME.

Thank you for following these safety rules - Jim Morgan, XO

NOTICE: ANYONE WHO USES ANY TYPE OF METAL OR WOOD TARGET MATERIAL:

IT IS YOUR RESPONSIBILITY TO REMOVE THE TARGET MATERIAL FROM THE RANGE. THE TRACTOR TIRES ARE NO MATCH FOR THIS MATERIAL. PERSISTENCE IN LEAVING ANY TYPE OF METAL OR WOOD TARGETING MATERIAL WILL NECESSITATE A RULING ON WHAT TYPE OF MATERIAL CAN BE USED ON THE RANGE.

I wish to thank all the club members that are cleaning up the range after they finish shooting. It sure makes the range look better and cutting the range a lot less time consuming.

Jim Morgan

Graphic Artist Search:

I'm looking for the lady who attended the June Club Picnic that stated they were a graphic artist and would help put the new logo design ideas together into a finished graphics design. Please contact John LoBuglio at (540) 644-9999 or e-mail at: john.lobuglio@navy.mil ASAP. I am looking to have the photos of the old club logo patch returned. The design that has in planning for several months takes an old club design and makes a couple of changes and additions. The new design removes the Fleur-de-lis and target circles. It will visualize in detail a crossed M1 Garand with a shotgun and have a Colt 1911 handgun above that facing to the right and a blackpowder horn hanging from the crossed firearms. Below that will be an arrow horizontally facing to the right. The club lettering will still be in silver and items outlined in gold. I hope to have a draft of the graphic design to publish in the coming months.

For Sale:

Thompson Center Encore 209x50 Single Shot, black synthetic stocks, Weaver scope base, 2x7 Matte Leupold Shotgun Scope, \$610, without scope \$375

Encore .22-250 15" Blue Barrel, Weaver scope base, 2.5x8 Leupold Pistol Scope, \$450, without scope \$175

Encore .44 Mag 12" Blue Barrel, Weaver scope base, 2x Matte Nikon Pistol Scope, \$330, without scope \$175

Encore .308 24" Blue Barrel, synthetic forearm, Weaver Scope Bases, 2x7 Leupold Scope, \$415, without scope \$195

Contact Bob King, 540 775-5651, or The.Kings@att.net.

CAS Chairman:

Shooters - The Cowboy Action Shooting program has been in place at NVGC for four months now. Our own Pepper Mill Creek Gang has hosted 3 matches for a total of 50 shooters. Response from other clubs has been excellent, with lot's of praise for our quality program. The Pepper Mill Creek Gang is now affiliated with the Single Action Shooting Society (SASS) - the international league of CAS shooters. This affiliation provides us with free advertisement of our monthly matches as well as support from SASS if issues arise. The Gang is looking forward to our next match on Sunday, 24 Oct 04. Match fee is \$10, BYO lunch. Club members are asked to arrive at 0800 to assist in match set up. Registration is from 0900 - 1000, with safety brief at 1015. Shooting begins immediately thereafter. We run six stages of fire, and wrap up around 4 pm. Safety glasses and hearing protection shall be worn by all shooters and spectators. Anyone interested in trying this fast paced and exciting competition - contact your CAS chairman, Slip Hammer Spiv (AKA Tim Spivak) at spivak@worldskyline.com or 775-4561.

Come On Out and Join the Fun!

Slip Hammer Spiv (CAS Program Chair)

October Membership Report:

We have three prospective new members:

Mario Jimenez of Fredericksburg, not sponsored.

Thomas Pasko III of King George, not sponsored.

Philip Bushong of King George, not sponsored.

If anyone has any issues with any of these prospective members please contact the membership chairman or any club officer with your concerns.

Welcome to new members George Kirby III, Mike Ocetnik, Brian Hearn and Tom Mills.

Joe Graninger

Membership Secretary

NVGC 2004/2005 Calendar

Date	Time	Event
2 October	All Day	HUNTING – First Day – Deer Archery Season
2 October	All Day	HUNTING – First Day – Turkey Early Archery Season
9 October	9:00am	Hold for potential shotgun event – see Jon Yagla
16 October	9:00am/12:00 noon	Work Party/Club meeting
24 October	10:00am-4:00pm	Cowboy Action Shooting – Match (Register 9-10am)

Northern Virginia Gun Club

Hunting Dates for 2004 – 2005

General Firearms Season

1. Ranges would be **open** on Sundays, Wednesdays, Thursdays (not Thanksgiving Day), and Christmas day and during the Spring Gobbler season. Specific dates are shown below.
2. Certain areas of the property outside of the designated range impact areas will remain open for hunting on all legal hunting days (e.g. Archery, Muzzleloader, small game) **while ranges are open**. See map for details.
3. Ranges would be **closed** on Mondays, Tuesdays, Fridays, Saturdays, and the entire last week of December during General Firearms Season and Thanksgiving Day (deer season and other dates as specifically noted below).

New Developments / Reminders

1. Check with www.dgif.state.va.us for details of hunting seasons.
2. Bag limit for deer has been increased by two for each hunter.
3. New game check using a license notching procedure. See game regulations for more details.
4. Special regulations for hunters 15 and under allow taking of a doe on any day.
5. King George County allows the use of muzzleloaders for all of the deer season.

Small Game

Hunting is allowed only in non-impact areas outside General Firearms Deer season. Range dates are subject to general provisions above. See map for designated impact areas.

Deer/Turkey Season – Ranges Open – Hunt outside of Impact Areas only!

October

02	Opening day – Deer Archery season (Oct.02-Jan.01).
02	Opening day – Turkey Early Archery season (Oct. 02-Nov. 06).
25	Opening day – Turkey General Firearms season (Oct. 25-Nov. 06)
30	Opening day – Deer Early Muzzleloader season (Oct. 30-Nov. 12).

NOTE: There is a Benchrest Match scheduled on this date 9a-noon!

December

25	Christmas Day – Ranges open. Deer hunting only.
----	---

Deer/Turkey Season – Open for Hunting / Ranges Closed

November

13	Opening day - Deer General Firearms season (Nov.13-Jan.1).
15,16, 19,20	Normal hunting dates as per above.
20	First Deer Doe Day of General Firearms season
22,23	Normal hunting dates as per above
25	Thanksgiving - special Turkey season day
26,27	Normal hunting dates as per above.
27	Second Doe Day of General Firearms season
29,30	Normal hunting dates as per above.

December

3,4	Normal hunting dates as per above
6,7,10,11	Normal hunting dates as per above. 12/6 is the start of late Turkey season (12/6-12/18)
13,14,17,18	Normal hunting dates as per above. 12/18 is the end of late Turkey season.
20,21,24	Normal hunting dates as per above

27-31 Last week of general firearms deer season, Doe days.

January

1 Last day of Deer season. Doe Day.

Spring Gobbler Season - Ranges Open – Hunt outside of Impact Areas only!

April

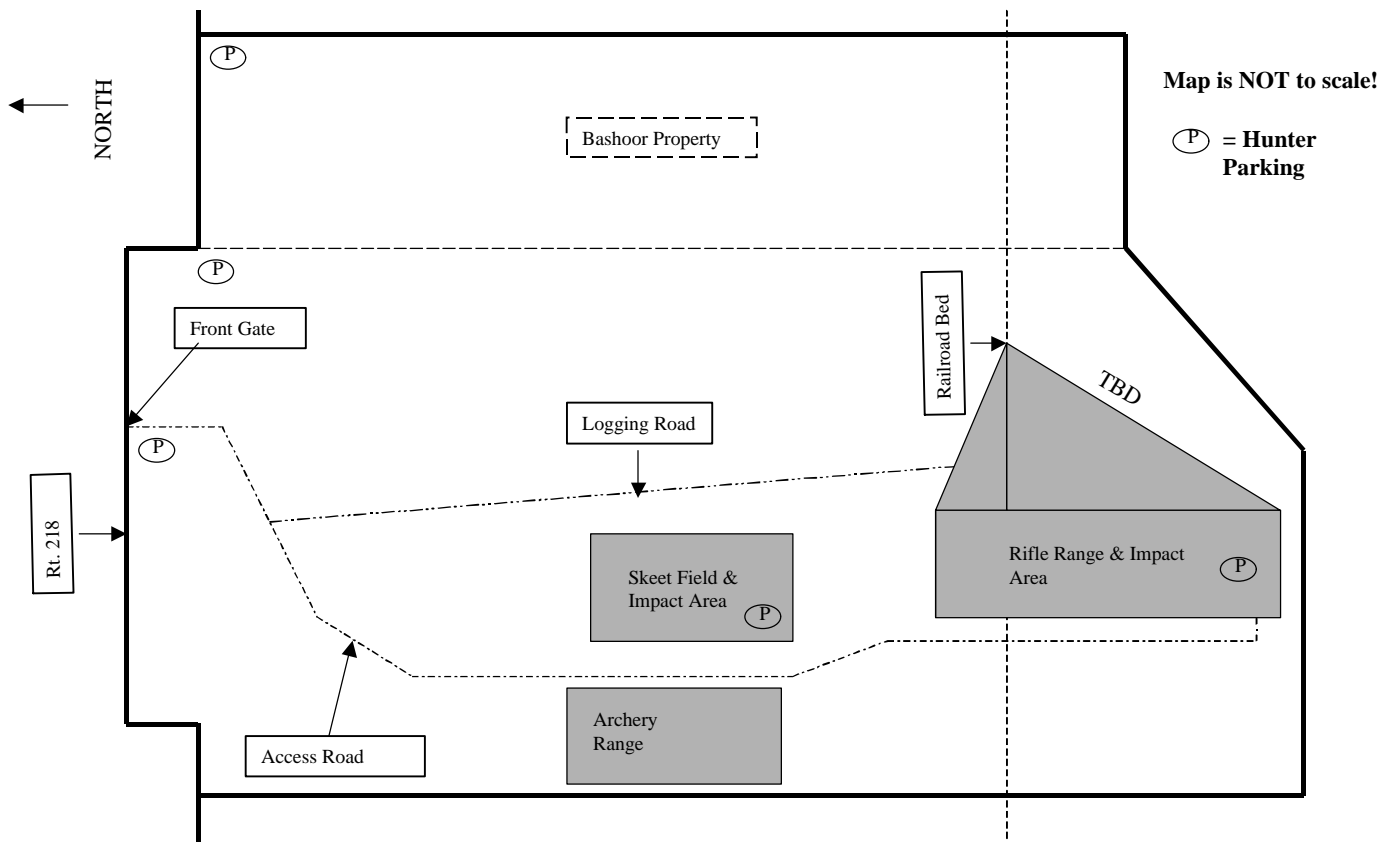

2 Youth Spring Turkey Hunt
9-30 One-half hour before sunrise until 12 noon each day.

May

2-14 One-half hour before sunrise until sunset.

Hunting is allowed only in non-impact areas. Range dates are subject to general provisions above. See map for designated impact areas.

NVGC Hunting/Impact Areas

NVGC Hunting Regulations (as of 09/2004)

1. All Virginia Game Commission Regulations apply to the King George property.
2. All hunters must have a valid Club Hunting Permit. This permit must be prominently displayed on your outer garment.

3. All hunters must wear a minimum of 400 square inches of Blaze Orange during the Deer General Firearms Season.
4. All trash must be removed from the property. We have no work parties November thru February to empty the trash barrels. Hunters are required to pack out their trash upon breaking camp.
5. No fires at anytime on the property except in proper containers (burning barrels or charcoal grills).
6. No trees or other vegetation shall be cut or otherwise destroyed, except with the permission of the NORTHERN VIRGINIA SHOOTING FACILITY.
7. There will be NO Guest hunting at anytime on the King George property. As immediate family members are associate members of NVGC, they are permitted to hunt with NVGC members on the property. Members are responsible for their supervision.
8. Hunting is not allowed in the range impact areas while the ranges are open. Hunters are responsible for knowing range status, their location, and the location of the impact areas.
9. Hunters wishing to camp on the property during hunting season must camp only in the designated camping areas near the skeet field.
10. Hunting and erecting stands/blinds on the railroad bed traversing the property are not permitted. Hunters may cross the railroad bed to access and exit our property.
11. All Terrain Vehicles (ATVs) are not permitted for hunting on the property.
12. Vehicle traffic on the logging road is restricted to construction/removal of stands and blinds or retrieval of game.
13. All hunters must park only at designated points on the property (See the attached map). These points are as follows:
 - a. Skeet field / camping area.
 - b. Adjacent to (inside or outside) the NVGC front gate at Rt. 218.
 - c. Rifle & pistol range parking lot.
 - d. Power line clearing at Rt. 218 (outside gate to Bashoor property). Don't block the driveway.
 - e. Power line clearing at Rt. 218 at east end of Bashoor property.
14. Hunting is not permitted from the access road or skeet field / camping area. Firing at, or across, the access road and range parking areas is prohibited.
15. Hunters must unload and make safe all firearms upon entering and while within the skeet field/camping area and Rifle/Pistol parking lot.
16. Hunters are encouraged to identify their vehicles as belonging to NVGC members. A suggested method would be to copy your hunting permit and display it on your dashboard.
17. Hunters needing to track and/or retrieve downed game in impact areas for open / hot ranges must coordinate with the designated Range Safety Officer at the appropriate range(s) before entering. Hunters shall be afforded reasonable accommodation to complete their task.
18. Hunters are required to record game taken in the logbook kept at the skeet field. The logbook will be kept in the skinning shed (the one with the built-in picnic table). The combination will be the first digits of the gate combination.
19. Hunters are cautioned as to the proximity of residences in the local area specifically near the access road in the north and to our immediate southwest and southeast.
20. Hunting Stands:
 - a) No new permanent deer stands are to be constructed without the permission of the Executive Committee (EC).
 - b) Any requests for new stands will include location, size and construction material.
 - c) The EC will consider the location in relation to any other stands and make a decision based on safety. This will prevent an area from becoming congested with hunters.
 - d) All existing permanent stands built prior to September 2003 will be grandfathered in.
 - e) The Hunting Committee Chairman will log the location of all deer stands and maintain this log. A copy will be kept by the EC.
 - f) Any new permanent stands that have not been logged will be dismantled & removed.
 - g) The use of temporary stands is encouraged.
 - h) Any temporary stand that is constructed and left up for the hunting season will be considered a permanent stand.
 - i) Hunters are responsible for the maintenance of the existing stands.
 - j) Hunters are responsible for the disposal of all old and decaying stands.
 - k) Hunters are limited to a maximum of three (3) stands with a maximum of one (1) permanent stand.
 - l) All permanent stands will be available on a first-come basis.
 - m) All temporary stands are to be removed by February 1st.
 - n) Constructing and hunting from a permanent or temporary stand shall be at one's own risk.

NOTICE: Any Violation of the above rules will result in disciplinary action up to and including expulsion from the club.

NVGC

Postmaster: Address Service Requested

Archery Chairman Report:

We currently have 8 stations up and available for use. A few of the stations need additional work on the lanes, but are functional for use. There are 2 additional stations in different stages of construction. Both are soon to be operational shortly depending workparty numbers and weather conditions. There is still work to be done on the main trail and continuous maintenance to be conducted. I am trying to compile a list of all club members interested in use of the archery range and activities. I have a dozen or so members names to begin with and would like to see that list grow. Please forward your name, address, phone number, and e-mail address to me with the number of family members interested in using the range and your specific area of interest in archery (that is, target, 3-D, competitive, bowhunting, etc.). The more members I would like to begin holding some club shoots and would like to receive feedback interest. I have already received interest from Boy Scout Troops and some who would like to get their family members started in the sport.

John LoBuglio,
Archery chairman
