Newsletter for February, 2005 - Volume 46, No 4

Notes from the President:

The January meeting and **Annual Club Dinner** scheduled for the 22nd of Jan. **at the Quantico Officers Club** was postponed due to weather and **has been rescheduled for Saturday February 19th** (the 3rd Saturday) at the same time and place with our guest speaker Mr. Jim Land, Executive Secretary of the NRA. Mr. Land, was very instrumental in developing the Marine Corp Scout Sniper program during the Vietnam era and opened the Scout/Sniper School at Quantico. I hope those who were unable to signup for the January dinner because of schedule conflicts, will consider joining us for the rescheduled Club annual Dinner this month. If you would like to attend, please **contact Fred Kolbrener (703-590-4269 or FK01BK@comcast.net)** immediately or NLT 14 February and forward a check to him as described further in this newsletter!

Much thanks goes out to several members Darryl Breitenstein, Gene Hodgson, John Klochak, Tim Neel and Jerry Gibson who were all involved, one way or another, with helping to breakup the beaver dams and reduce the damage from flooding caused by the beaver population on the lower ranges at the facility. Anyone who had been down to the lower range over the past few months will understand the seriousness of the situation that was at hand to reclaim the land.

The EC has reviewed and unanimously recommends swift adoption of the Silver/Blue color version and Black & White version, at the February Club meeting for use as the official Club Logo. The EC has determined a near term need to erect 2 large signs along the road frontage and would like to make use of the new logo on these signs.

The EC has approved a master schedule for the new calendar year of club events at our January meeting. There was considerable discussion on safety issues that occurred during this past hunting season and what measures can be taken to improve in-order to avoid future incidents. The EC would like to hear from members of any other safety related incidents that have not been brought to our attention.

President

Notes from the HI Power Chairman:

It maybe the dead of winter right now, but it's not too early to start to preparing for the up coming Hi power season. So shake out those cobwebs out for your rifle, prep your brass / order ammo & or supply, start to do some dry firing (please make sure your rifle is unloaded first) a couple times a week to get back into the swing of things. I have not seen any date for FRGC Spring league as of yet. I will post that as soon as I find out the dates. Should be starting sometime around late March / early April. Would like to see NVGC have enough members to squad two six member teams. As in the past I will collect all the SR-1 Cards and entry fees and send them in all at one time. If you don't want to shoot on a team or can not make all four matches, you can still shoot as a individual. I am planning on having some Hi power events at the gun club and will post dates as soon as my employer assigns a new work schedule for this year and I can discuss these dates will the EC.

Club Logo Committee:

The Logo Committee is recommending adoption of the proposed new club logo in both a color version in Silver/Blue and a Black & White version. The color version is attached to the electronic newsletter while only the Black & White version is contained on the printed edition below. Detail, clarity, cost to reproduce and embroidery had to all be considered. It is recommended that the color version be adopted as the official club logo, while the B&W version is recommended for use where requirements are printed in only B&W. All detailed requirements called out in prior motions have been incorporated, such as the M1 Garand and Colt Model 1911. The committee recommends to the membership that the new club logos, in both color and B&W, be adopted by motion at the February Club meeting as presented without any changes. Prescreening of the proposed logos to the membership has provided an overwhelming positive response to approve and move on. I hope you all agree and vote to adopt. Thank you all for your patience, it has taken much longer than was first anticipated.

The logos are shown below. (For those who get the paper copy both are in B & W, but the right image should be in color.)
