

# NORTHERN VIRGINIA GUN CLUB

Affiliated with National Rifle Association of America

Newsletter for July, 2011 - Volume 52, No 9

## President's Corner

Wanted everyone to know that a 2011/2012 budget has been passed. At the June club meeting, we discussed and approved many line item budget needs. The Treasurer's report has the details. It costs a lot of money to keep the club going. This year we are spending about \$2,000 more than we expect to collect. There will also be proposals to amend the current budget.

Another item of concern is the willing destruction of club property. Mostly, the cross members and frames of the lower range target holders. Please be aware of where you place your targets and **DO NOT SHOOT THE FRAMES**. I have had some confrontations with members concerning where they place targets. Just to remind everyone, there are provisions in the club by-laws to suspend or even remove members for carelessness and also destruction of property. There are ways to deal with these individuals. I am requesting that **EVERY** member carry their membership card while on the property and should you be asked to show your card, then do so without an argument.

I thank all of our members that show for the work details and also thank everyone that is trying to preserve and protect our property... Remember...10% of our members do about 90% of all our work.

**Perry Fridley**  
*NVGC President*

## July 2011 Membership Report

Please welcome three new members to the club: James Mills of Waldorf, sponsored by Frank Baker; Kevin Spangler of Annandale, sponsored by Greg Harrod; and Dave Robinson of King George, sponsored by Bob Ninow.

We currently have 349 Active members and 17 Absentee members.

**Mark Varney**  
*Membership Secretary*

## Long Range Planning Committee Meeting

The planning committee will resume meetings in July. In the previous round, we identified safety and critical maintenance items. Nearly all this work is complete. We also identified and listed the action range, which is now under construction. Please contact Jon Yagla or Darryl Breitenstein if you have a project in mind or want to participate in this process. – Jon Yagla/Darryl Breitenstein

## Range Safety Notes

**Please stay off the line during a "CEASE FIRE", some folks are still remaining on the line while others are down range, rules are explained below below. During work parties all ranges are closed, all fire arms are to remain in your vehicle until after the monthly meeting.**

I would like to remind everyone to please take the time to go over the range rules below with guests that you might bring to the range before engaging in actual shooting.

During casual shooting always appoint someone as Range Safety Officer (RSO); if you are the first person on the range, **you** are it. When you leave the range, turn RSO duties over to someone else. **EVERYONE keep in mind, when a "CEASE FIRE" is called, unload your weapon, lay the weapon on the bench with the action open and step away from the line, NO ONE is to touch anything on the firing line until the range is "HOT". KEEP THE MUZZLE DOWN RANGE AT ALL TIMES WHILE ON THE LINE; POINTED AT THE GROUND, UNLOADED, WITH THE ACTION OPEN IF UNCASSED WHEN MOVING TO AND FROM YOUR VEHICLE OR A DIFFERENT FIRING POSITION.**

**Target frames are to be used for holding target backers, not clay pigeons, cans plastic bottles, balloons etc.** Staple balloons to target backers if you shoot balloons, hang plastic bottles, etc. with a string from a cross member. **DO NOT** lean anything against an upright to shoot at, build your own frame and set up **in front** of a berm, be sure that your rounds

impact the berm. No cross firing on the ranges, shoot at the target directly in front of you, do not shoot into the ground or into standing water.

**TAKE YOUR TRASH WITH YOU WHEN YOU LEAVE.**

If you remove stools or benches from under the covered part of the line please put them back when finished. Someone put time and effort into building this equipment for the club, **YOUR CLUB**, so take care of **YOUR** stuff.

If you see anyone deliberately destroying club property, report the person or persons to any one of the Executive Committee or any member of the Facility Board.

Remember, there are extra gate locks in the ammo can located in the lower left compartment the target shed on the lower ranges.

**Seth Rinaldi**

*Chief Range Safety Officer*

## 2011-2012 Approved Budget

| <b>Income:</b>                         | <b>Budget 2011 - 12</b> |
|--|-------------------------|
| Dues:90                                | \$29,700.00             |

## Shotgun News

June 25 Trap match swept by Doug McRae - Doug jumped out in front of the competition with a really nice 98 in 16-yard singles. He then bested the field with an 88 in handicap, shooting from the 24 yard line. He finished with a 90 in the twin birds, for a 276 aggregate.

Skeet match schedule: Fredericksburg Rod and Gun Club applied for the same July 9 weekend as our Fahrenheit 50's match. The Battlefield Open is one of the biggest shoots in the nation. I asked for permission to reapply for another date. If we can find a date and sufficient volunteers, we will shoot this match later. Phil Bushong, who took care of the shoot squadding, reports, and figuring out the winners has moved to Texas. We really do miss him and need someone to fill his big size 15 shoes.

**Jon Yagla**

*Shotgun Chairman*

## For Sale

1. Shotgun, Belgium Made Browning A5 Auto 12Ga 3" Mag w/2 barrels - 30" Full and 28" Mod Choke. Purchased new in 1966 - Lightly used - \$1100.00
  2. Rifle, 22 Cal, Belgian Made Browning Auto, Purchased new in 1966 - Lightly used - \$500.00
  3. Shotgun, Japanese made (KFC model Pine) copy of Browning A5 Auto 12Ga., - Good Condition - \$400.00
  4. Pistol, 9mm, Rohbaugh R9s - Worlds smallest & lightest 9m m handgun. Made to the highest standards in a small shop in upstate New York. Check it out on U-Tube - Very lightly used - \$800 (retail \$1,190.00)
- Prices are Blue Book or Best Offer, or trade for high quality custom flintlock
